Hey, yeah  
I feel her hair slap in my face  
It makes me smile  
She slides her arms around my waist  
Tighter every mile

Her lips are against my ear  
I grab the clutch and find a higher gear

She said, "Don't look back, I gotcha covered  
Forget the past, we've got each other"  
And as I left the life before her far behind  
She rode a little closer, lookin' over my shoulder

I check the mirror and catch her eye  
She blows me a kiss  
A round photograph reflecting  
Just how right this is

I shouted I'm the king of the world  
And I'll be yours forever, girl

And she said, "Don't look back, I gotcha covered  
Forget the past, we've got each other"  
And as I left the life before her far behind  
She rode a little closer, lookin' over my shoulder

Over my shoulder  
Over and over

She said, "Don't look back, I gotcha covered  
Forget the past, we've got each other"  
And as I left the life before her far behind

She said, "Don't look back, I gotcha covered  
Forget the past, we've got each other"  
As we left the life before us far behind  
She rode a little closer, lookin' over my shoulder

She said, "Don't look back, I gotcha covered"  
Lookin' over my shoulder, hey, yeah
