(Brett James/Tom McHugh/Bryan Wayne)

I was bouncing around
Like a bottle out on the waves
About to go under
About to get swept away
Take it from me
I was lost as a man could be

Chorus:

When you came
And you saved
A drowning man in an ocean of pain
When you gave me your heart to hold onto
Baby, I'm rescued

It's an empty feeling
That fills your soul
When you've got nobody, you're left out in the cold
I still can't believe
How you reached out to me

(Repeat Chorus)

Now even on the darkest night
Oh I'm never alone
Your love is a guiding light
Leading me home

When you gave me your heart to hold onto
And I'm holding onto you
Baby I'm rescued
Baby I'm rescued
Yeah, I'm holding on to you
