Go!

You read Grisham novels, I'd rather watch a movie
Baby, we're like night and day, yeah
You like frappacino, Leonardo DiCaprio
I like Al Pacino and I take my coffee straight

It's no secret
Girl, we're different
It's not like we don't know
Every single hesitation
All goes out the window

When you say my name, I can feel forever
When you touch my face
Girl, I feel invincible
Nothing seems impossible, I'm Superman
You've got me flying high
Baby, say my name just one more time

You like hip-hop dancing, I'd rather wait for something
slow
It's a little less work for two left feet
You wear Italian leather, my polyester suits me fine
It's inevitable we're gonna disagree

It's no secret
Girl, we're different
It's not like we don't know
Every single hesitation
All goes out the window

When you say my name, I can feel forever
When you touch my face
Girl, I feel invincible
Nothing seems impossible, I'm Superman
You've got me flying high
Baby, say my name just one more time

When you say my name, I can feel forever
When you touch my face
Girl, I feel invincible

Nothing seems impossible, I'm Superman
You've got me flying high
Baby, say my name just one more time

When you say my name
When you say my name
When you say my name
