[Chorus][LMNO]

The revolution is capitolized  
Can't beat you over the head besides  
What would that accomplish  
Let's see who lives the longest  
Neither of us know

Discombobulatin' with jesus  
I'm stopping satan  
No racial barrier can stop the holy ghost  
And here we are intrigued by visible gains  
Millions of dollars for millions of pains  
We don't have the same type of blood in our veins  
But we do have the same soul locked in chains  
We like to cry not far live not die  
Knowing all the answers without asking why  
Personal pursuit pass our loved ones by  
Frustrated with god with our hands in the sky  
We load those guns, pipes, records with lies  
Standing stupid right behind foolish pride  
Your faction looks militant; weekend souldier  
Couldn't get a gun permit  
Didn't pass the written test  
Don't got the hook up  
Oh you have the movie  
In Iraq with our crime from  
All good to groovy

[Chorus] - (2X)

Clear the fog when the head is cloudy  
Get my point across without speaking loudly  
I didn't audition for this role  
Type that spend his last option on his friend's parole  
Word herb stays rolled through Los Angeles soft batch  
Can't match the rambunctious  
It's hideous as a city bus  
In a hundred and three degree heat  
Magnify this Hi-Fi  
Down to earth Sci-Fi  
Beat for it's publishing royalties

Properties  
Stop disease  
Cracker please  
Let me breathe  
I'm about as holy as ??Jeff Spicoli??  
Fight against the devil boldly

[Chorus] - (2X)

Just go about your business!  
Just go about your business!  
With seriousness!
