Let me set you straight just in case theres a trace of  
doubt  
Sinse you came along I know what it's all about  
If it were up to me I know it's not but if it was  
We'd skip formaility and we would be in love

Baby are ya thinkin' what I'm thinkin' (are ya thinkin'  
what I'm thinkin')  
'Cause I'm thinkin' baby we could make it you and me  
Come a little closer, hand your heart over and see  
precious time's a-wastin'  
Baby if you're waitin on me

Girl I've never been torn up turned inside out  
I'm feelin' a feelin' I never have felt 'till now  
If it were up to me I know it's not but if it was  
We'd skip formaility and we would be in love

Baby are ya thinkin' what I'm thinkin' (are ya thinkin'  
what I'm thinkin')  
'Cause I'm thinkin' baby we could make it you and me  
Come a little closer, hand your heart over and see  
Precious time's a-wastin'  
Baby if you're waitin on me

To be the one you run to when your tears fall down  
I'll always be there for you like I am right now

Baby are ya thinkin' what I'm thinkin' (are ya thinkin'  
what I'm thinkin')  
'Cause I'm thinkin' baby we could make it you and me  
Come a little closer, hand your heart over and see  
Precious time's a-wastin'  
Baby if you're waitin'  
Precious time's a-wastin'  
Baby if you're waitin' on me  
.. On me
