What About Now Emerson Drive

The sign in the window said for sale or trade
On the last remaining dinosaur of Detroit main
Seven hundred dollars was a heck of a deal
For a four hundred horsepower jukebox on wheels

And that road rolls out like a welcome mat
I don't know where it goes but it beats where were at
We always said some day some how
Were gonna get away, gonna blow this town

What about now, how 'bout tonight baby for once lets
don't think twice
Let's take that spin that never ends that we've been
talking about
What about now, why should we wait, we can chase
these dreams down the interstate
And be long gone fore the world moves on and makes
another round

What about now

We've been putting this off baby long enough
Just gimme the word and we'll be kickin up dust
We both know it's just a matter a time
Till our hearts start racin for that county line

What about now, how 'bout tonight baby for once lets
don't think twice
Let's take that spin that never ends that we've been
talking about
What about now, why should we wait, we can chase
these dreams down the interstate
And be long gone fore the world moves on and makes
another round

What about now

We could hang around this town forever makin plans
But there won't ever be a better time to take this
chance

What about now, how 'bout tonight baby for once lets
don't think twice
Let's take that spin that never ends that we've been
talking about
What about now, why should we wait, we can chase
these dreams down the interstate
And be long gone fore the world moves on and makes
another round

What about now -Yeah - Oh oh

What about now
