Jeremy bender was a man of leisure, took his pleasure  
in the evening sun  
Laid him down in a bed of roses, finally decided to  
become a nun.

Talk with the sister, spoke in a whisper, threatened to  
fist her if she  
Didn't come clean  
Jumped on the mother just like a brother asked one  
another if the other is  
A queen.

Diggin' the sister she was a mister shouldn't have  
kissed her, but he  
Couldn't say no  
Wanted to leave her couldn't believe her, so he picked  
up his suit-case and  
Decided to go.
