Come forth, from love's spire  
Born in life's fire,  
Born in life's fire.  
Come forth, from love's spire  
In the burning, all are [of our] yearning,  
for life to be.  
And in pain there will [must] be gain,  
New Life!

Stirring in, salty streams  
And dark hidden seams  
Where the fossil sun gleams.

They were, sent from [to] the gates  
Ride the tides of fate  
Ride the tides of fate.  
They were, sent from [to] the gates,  
In the burning all are [of our] yearning,  
For life to be.
