Somebody please tell me, what am I supposed to do?  
You died and I'm here thinking that I hear your voice  
But it's somebody else, it's always somebody else

Why did you die? Don't leave me please  
I beg you God tonight bring me peace  
I'll never sleep without the dreams of you alive  
Here with me, alive here with me

The brightness left your eyes as I held your face  
Don't tell me it's the right time  
And your last words will sustain me  
Until my end, until I see you again

[Incomprehensible]  
Why is this happening?  
Why did you take him away?  
I'm tired, I just wanna go home

While words  
(Your life)  
Evade me  
(But a moment)  
I'll cling to  
(I'll wait to)  
Remember you  
(Forever)

And what you had  
(Your words)  
Meant to me  
(On my blood)  
Could never be forgotten

The chains  
(Why)  
Of death  
(Don't take me)  
Are falling away  
But my heart still bleeds

It longs for

(Why)  
The day  
(Did you die)  
When we will be as one  
One, why
