### "Inside Our Skin"

This is what comes of the best intentions we have  
They get lost with the rest and soon forgotten  
And the money we spend is to make amends  
For the time that we've never  
To make amends for the time that we've never given

We all feel real inside our skin  
With selfish hearts that hide our sin  
But everyone that runs a race can't win  
We all, (we all)  
Feel real, (feel real)  
Inside, (our skin).

If God is good, then what are we?  
There is no plant without a seed  
When morning comes, will we believe  
All that was lost can be retrieved?

You say you're good, then let me see  
A faith is dead without the deed.  
How can we fail if we believe?  
Let's be who we were meant to be.

We all feel real inside our skin  
With selfish hearts that hide our sin  
But no one really knows our deepest secrets  
We will separate ourselves from everyone that we know  
(We say, we're so misunderstood, )  
We can't allow a single doubt or weakness to show  
(But I know we don't do the things we should)  
And just one more day without the shame and I can  
move on  
I'll be happier, happier when I've...

We will separate ourselves from everyone that we know  
(We say, we're so misunderstood, )  
We can't allow a single doubt or weakness to show  
(But I know we don't do the things we should)  
And just one more day without the shame and I can  
move on  
I'll be happier, happier when I've given up.

Wisdom light my way into the dark  
(Your words, the melody that carries me)  
We can't make a change 'til we know who we are  
(What burns? The fire refining me)  
Wisdom light my way into the dark  
(The melody that carries me)  
We can't make a change, know who we are  
(The fire refining me)  
Refining me.
