Ohhhhh ohh ohh, oh no no.

You used to care about me, now it's all changed.
You used to want this forbidden love.
Did i take things out of what they really meant?
Or did you mean all those little things you said.

Now i'm lost and i can't find who i used to be.
I walk past your door and hope that one day you will
smile at me again.

And as a year goes by i wonder where we went wrong,
Was it gunna happen in the end?
Could i have done something to prevent all this pain?
Or was this sand castle meant to get washed away?

Now i'm lost and i can't find who i used to be.
I walk past your door and hope that one day you will
smile at me again.

All i want is for you just to feel the same.
Why did all these feelings have to blow away.
And if you ever need me i will be there.
'cos deep inside your heart you know that i still care.

I was so lost, i did not want to find myself again.
But now i'll see i'll learn to live without you holding my
hand.

Oh oh oh woahh woahh ohh, oh no no x2
