This is a waking up  
This is your final go  
And I would never want to see you  
Get torn apart  
And I can't believe  
I can't believe your apart of this world  
You were a sick sad man from the start  
And your not even worth my time  
I can't be stopped  
I'll just keep going all the way  
You will try  
But you will fail  
Just say  
It's over and it's done with  
I drove around Chicago  
Heading to champagne  
I passed right through a country  
With a gorge as high as any  
God has ever made  
I saw a man beside the road  
He said "Excuse me sir I think Ive lost my way"  
Then I told him as I pulled back  
On the road and headed south  
I've got no time to waste  
I said I guess you don't have faith  
I guess you don't have faith  
I guess you don't have faith  
It doesn't matter anyway  
It's the way  
It's the way you want it  
Everything  
Everything in this place  
It's the way  
It's the way you want it  
Everything  
Everything in this place  
I guess you don't have faith  
I guess you don't have faith  
I guess you don't have faith  
This is a waking up  
This is your final go  
So don't you expect me to be there

When you fall  
When you fall
