*[Verse 1]*

It's like a pencil with erasers at both ends  
I want it all but we're dealing in percents  
And these activities that you have engaged in  
This is the politics of seeing you dance with him  
We began with concluding remarks  
Pick up the pieces and examine the parts  
Your words always cut when they're cliché  
But here's my knife because I came for the buffet

*[Chorus]*

This is the way it goes  
With you a part of it  
Nervously saying words  
That oh-so-tightly fit  
A mark beneath the chin (Uh Uh)  
I've caught you once again  
It's in the way you sell every word and phrase  
And leaving me to know how much the meaning weighs  
Saying that but meaning this (Uh Uh)  
Using hands for emphasis  
(Oh Ho) [x7]

*[Verse 2]*

You'd like to think that you're the best part of me  
But I confess there is nothing left of you here (nothing  
left of you here)  
These parallels and silly games  
Hide your face and say the name  
Say the name (say the name)

*[Chorus]*

This is the way it goes  
With you a part of it  
Nervously saying words  
That oh-so-tightly fit  
  
A mark beneath the chin (Uh Uh)  
And I've caught you once again  
It's in the way you sell every word and phrase  
And leaving me to know how much the meaning weighs  
Saying that but meaning this (Uh Uh)

Your tears for emphasis

*[Bridge]*

(Ahhhh)

There's that smile again (there's that smile again)

You fake it and I follow you right in

What a fool I've been

To fall for it each time

*[Chorus]*

This is the way it goes

With you a part of it

Nervously saying words

That oh-so-tightly fit

It's in the way you sell every word and phrase

And leaving me to know how much the meaning weighs

This is the way it goes

With you a part of it

Nervously saying words

That oh-so-tightly fit

It's in the way you sell every word and phrase

And leaving me to know how much the meaning weighs

(Oh Ho) [x5]

*[Outro (On Purevolume.com, not from iTunes download)]*

That dress and those eyes are telling white white lies

White white lies

That dress and those eyes are telling white white lies

White white lies
