"Untitled"

Visit "[Untitled](#)" on MotoLyrics.com

You have always seen the best parts of me

With my uncovered eyes

Loose from lenses, Absorbing Light

Your hand is wrapped in mine

The sun set for the last time

Carpet stains from coffee cups

thrown to stop from hurting so much

Paralyzed I thought I'd fail

you somehow, and let you down

But you saved me from Death

Awake and alive for the first time

Joining as voices sing

Together the same song
