Monsters in the dark
Blood lost feel the mark
Contrast no sedate
Love lost losing faith

Hope comes in moving waves
Jesus-Christ here to save
Dazzling deader heights
'Cause that would be like suicide
Read in every book
Signs everywhere I look

Blood
Feel my veins, it's blood
Getting close to fire (blood)
Genetically transforming (blood)
Overload

Poison in my mind
People fight genocide
Life live name your price
Commercial world free advice

Losing all control
Now you are reliable
Johnny Chance lost his soul
The other kids fill the hole

Blood
Feel my veins it's blood
Getting close to fire
I'm getting higher (blood)
I'm getting higher (blood)
I'm getting higher (blood)

Losing all control
Losing all control
Losing all control
Losing all control

Blood

See in my veins it's blood
Getting close to fire
I'm getting higher (blood)
I'm getting higher (blood)
I'm getting higher (blood)
I'm getting higher (blood)

See in my veins it's blood
Getting close to fire (blood)
Genetically transforming (blood)
Overload
