Eagle flies across a flag
bureaucracy is such a drag
behold a pale horse tonight
the men in black are out of sight

She comes
He comes
We come
She comes

Across the oceans in my mind
across the skies I left behind
a land of opportunity
a land to fill my destiny

Emigrate
Emigrate
Emigrate
Emigrate

I've been alone a long, long time
so what, I take what should be mine
I've searched the sea of empty eyes
and severed all my family ties

A mercenary feeds my soul
a plastic world, no getting old
a monkey wears, the age-old crown
the other monkeys getting down

She comes
He comes
We come
She comes

Welcome

Walk through fear
leave you, dear
never wanted to create a tear
walk through fear
if you dare

Emigrate
