Lost all self-control  
Don't know where to go  
Take a piece of soul  
In my mind I take a hold

Confusion  
Solution  
Conclusion  
Resolution  
I can feel, I can see the resolution  
I do

Put myself through tests  
Move from east to west  
Fight for what is best  
Can't forgive the token stress

Confusion  
Solution  
Conclusion  
Resolution  
I can feel, I can see the resolution  
I do  
I can see the resolution  
I do  
I can see

Strange to lose the show  
Take it fast then slow  
Captive to myself  
I can see

I do  
I can see the resolution
