Eagle flies across a flag  
bureaucracy is such a drag  
behold a pale horse tonight  
the men in black are out of sight

She comes  
He comes  
We come  
She comes

Across the oceans in my mind  
across the skies I left behind  
a land of opportunity  
a land to fill my destiny

Emigrate  
Emigrate  
Emigrate  
Emigrate

I've been alone a long, long time  
so what, I take what should be mine  
I've searched the sea of empty eyes  
and severed all my family ties

A mercenary feeds my soul  
a plastic world, no getting old  
a monkey wears, the age-old crown  
the other monkeys getting down

She comes  
He comes  
We come  
She comes

Welcome

Emigrate

Walk through fear  
leave you, dear  
never wanted to create a tear  
walk through fear  
if you dare
