I look a ride down the darkness to see
If the shadows are still the place to be
Where the light fights a loosing battle
Where my demons try to settle down
Night's fallen creatures are waiting to come out and do
a dance with me
I feel their slinky touch then the venom in my blood

I'm glad to be with you again
God you're so beautiful
In the pouring rain

I've sold my soul to the devil to see
The great unknown mystery
I've gone astray in the dangerous waters
Of a pitch black haunted sea
I took on powers I can I can hardly comprehend
Oh babe I wanna leave this ship and never never come
back

I'm glad to be with you again
God you're so beautiful
In the pouring rain

I'm glad to be with you again
God you're so beautiful
In the pouring rain

I took a ride
I took a ride down
I took a ride down the darkness to see
If the shadows are still the place are still the place to be

I'm glad to be with you again
God you're so beautiful
In the pouring rain

I'm glad to be with you again
God you're so beautiful
In the pouring rain

Wash the streets off my skin
I'm tired I wanna go home
