I'm lost in a world of lights  
Mesmerize my nights  
The sky scrapes on buildings sites  
I'm feeling so alive

Whatever's clever  
Whatever's clever will have to wait

Thinking on the world at large  
The city's got it all  
Culture clash and sidewalk trash  
Don't look down you might fall

And now we just feel like energy  
New York city will never sleep  
And now we just feel like synergy  
New York city it's the place to be

I'm gonna win  
I'm gonna lose  
I'm gonna chase it till the end  
And if you're walking in my shoes  
You're gonna make it or pretend

Whatever's clever  
Whatever's clever will have to wait

And now we just feel like energy  
New York city will never sleep  
And now we just feel like synergy  
New York city it's the place to be
