adam & eve

When he touches you
Heaven opens up
It feels like magic
And you don't want it to stop
The need goes on and on forever
Until he is gone

The one that you hold close
You treat with great respect
Give me all your love
And i will give you so much back
But trust can hurt, hurt so bad
If you let me down

Chorus:
I thought that you and me
That we were adam and eve
Together as one, joined for ever
I thought that you and me
That we were adam & eve
Felt like you were the one
But i was wrong, i was wrong, so wrong

Like a loving friend
He gave me life and joy
That's why i opened up
In body, mind and soul
But with a lie he ruined all (yes he did)
A lie called love

Chorus.

Bridge:
Take my hand, take my soul
Take my whole life
'cause i don't want it, no, no
You might as well take it all
Just take it all
'cause i want it, no, no

Chorus.
