Beg you to handle me with care coz Iâ€™m fragile...
Iâ€™m cussed Iâ€™m cold please go away

Just stay cool calm down relax
And be quiet
Pretend all worries are so far

I wann lean back in an armchair
And fether my nest feeling like
Iâ€™ve got it made and thereâ€™s

Forever you nad me my love

Just stay cool calm down relax
And be quiet
Pretend all worries are so far

Stay cool calm down relax
And be quiet

Just stay cool calm down relax
And be quiet
Pretend all worries are so far away
