At first everything was right
We never had that big fight
We didn't try to understand
Why so much I needed a man
Just like you

He's a jerk is all that they can say
Get him out and push him away
He's no good for you
But I don't know what to do
I love you, I hate you
I can't stand to live with out you
So don't go away

So maybe you did try to apologize
But what's the point of keeping lies?
I can always take you away from here
Hold you hostage till ur sorry is sincere
But that's not worth it

He's a jerk is all that they can say
Get him out and push him away
He's no good for you
But I don't know what to do
I love you, I hate you
I can't stand to live with out you
So don't go away

I can't be living with all these lies
So I'm gonna push u back outta my mind
But I would miss you to much
Come home baby we don't havta rush

He's a jerk is all that they can say
Get him out and push him away
He's no good for you
But I don't know what to do
I love you, I hate you
I can't stand to live with out you
So don't go away
