You can't believe  
How did I succied  
I went when all was gone  
before I opened up your heart  
and did those through the door  
To forever more

What did I do  
I took my time with you  
The other girls they moved too fast  
I knew the way to make it last was take it slow  
I let it go

kiss by kiss and baby  
touch by touch  
let you wanting me so much  
darling  
kiss by kisses  
How I got you to fall in love with me like this

Now here's the key  
I made you come to me  
I didn't run I didn't chase  
I playd it cool like gain to space  
Before I knew  
I was holding you  
Made every kiss  
Just so hard to resist  
I always left you on and more  
cared for much en get it al  
I played it smart  
I won your heart

kiss by kiss and baby  
touch by touch  
let you wanting me so much  
darling  
kiss by kisses  
How I got you to fall in love with me like this

Night by night and baby

day by day  
You made me feel the special way  
Darling  
kiss by kisses  
How I got you to fall in love with me like this
