Uh, yeah

It's like....i don't know what to do

I mean, what should i do?

Uh, yeah, yeah yeah

See i've got lil secret

But i don't think i could keep it

Now when you first stepped to me

Didn't think you wanted to do me

Started taking me to dinner and the movies

Had me open off the minks and jewelry

Buying me things that you know i wanted

Begging me for loving and you know i fronted

Now we doing more then getting blunted

And we both know we shouldn't of done it

Because wifey at home and that's a no, no

How we gonna keep this on the low, low?

Try to let got but the tricking won't stop

Feels so good baby please don't stop

I'm not trying to disrespect her

But everybody know what's up except her

Chorus:

See i'm gone tell your girlfriend

That you been doing more than flirting

Where you at when you say you working

Yeah i'm gone tell your girlfriend

I know i'm not the only one claming you

Your girl did a good job training you

She could feed the kids and wash the clothes

She could cook dinner and mop the floors

Just keep giving me a lot of doe

And give me some loving before you gotta go

Once you get home your girl be beefin'

Wondering where you was this weekend

Her cousin told her that she seen us creepin'

I guess by now she know you cheatin'

She must of found my number cause she calling me

Couldn't talk cause her man was all in me

Told her call me back at a quarter to three  
Now that's the way real players ought to be  
Shall i tell her bout the s he ordered me  
So hy you fuckin' with him?  
Cause he can afford me

Chorus:

It was the money that made me get with you  
But right now i'm trying to get rid of you  
Cause you always at my house like i live with you  
Wanna lock me down like i got kids with you  
See i knew from the gate that you was taken  
If i told you that i loved you, i was only faken  
Shit it ain't like that i wanna keep you  
But i'll beep you when i need you  
Now who getting played better you than me  
Cause i know you could never be true to me  
If you did it to her you could do it to me  
Start slippin' and you might be losing me  
Fuck getting hair done and a manicure  
That's for beginner bitches and amateurs  
I want a house on the beach, couple whips and more  
Motherfucker mow you know what major coins stand  
for

Chorus: 2xs
