Once upon a time only comes once in awhile
For other girls those words are their bible
You are like God to them
I wish you could see
That they aren't like me
They are perfect
Trying to love them isn't worth it

Come with me, take a ride
See the places I have cried
When I saw you with a girl
It made my whole heart twirl
You never see, you never stare
At me as I'm in prayer
But really I'm praying for you
If only you knew, if only you knew

They get dressed up all fancy in dresses and more
They just wait for you to knock on their door
You are Perfect to them
Can you not see
That they aren't like me
They act perfect
But are they really worth it?

Come with me, take a ride
See the places I have cried
When I saw you with a girl
It made my whole heart twirl
You never see, you never stare
At me as I'm in prayer
But really I'm praying for you
If only you knew, if only you knew

Shouldn't you just already realize?
They are basically all lies
They might give you everything
But would they sing
The song they wrote from their heart
To you?
Ohhhh Ohhh Oh

Come with me, take a ride
See the places I have cried
When I saw you with a girl
It made my whole heart twirl
You never see, you never stare
At me as I'm in prayer
But really I'm praying for you
If only you knew, if only you knew (x2)
