When I talk to you  
I feel like I belong  
When I see your smile  
It sticks in my head like a song  
You're perfect for me  
I'm glad we are we

Never thought about this  
At first just a wish  
You and me  
Oh we are made to be  
Is this just a crush?  
It's gotta be love

I always think of you  
See your face everywhere I look  
Your eyes are like a dream  
In a fairytale book  
Never wanna say "Good-bye"  
With you I can fly

Never thought about this  
At first just a wish  
You and me  
Oh we are made to be  
Is this just a crush?  
It's gotta be love

Your the one for me  
I'm glad that's what we see  
We're really in love  
It's not just some silly crush

Never thought about this  
At first just a wish  
You and me  
Oh we are made to be  
Is this just a crush?  
Oh this can't be a crush  
We've fallen in love
