You're always fuzznfightin,
Like I am up to something really bad.
Well, boy, you're mistaken,
So I am a party girl,
I like to dance and keep it going all nite,
But rules I am not breakin.

Pre-Chorus

No need for the look you're givinme,
If you can't trust, if you can't see,
Then I got news for you.

Chorus

My love is true,
You're in my heart, in all I do,
My love is true.
I'll go this far to say it's all because of you.
My love is true,
Well how about you?
My love is true.

You say your heart is achinand keep on callinme
Constantly,
On every girls night out you're always bugginme.
I'm just a victim for your jealousy.
Well I am not the one you should doubt.

Pre-Chorus

Chorus

Hurtinis something we can't go round,
But somehow you gotta cool down.
Say good-bye now, bye-bye to that unhappy guy.
