What the fuck, stop talking to me  
You took sides against me and my family  
Get the hell out of my face  
This is the end, my friend

You're gonna burn for this

I cast a spell on you  
The most evil spell on you  
No one will ever love you again  
You're gonna die alone  
In fear

You fucking coward, beg like a dog  
Face down in the mud  
Come and get what you deserve  
Everlasting punishment

I cast a spell on you

I cast a spell on you  
The most evil spell on you  
No one will ever love you again  
You're gonna die alone  
You're gonna burn in hell

Go!

Burn for this

I cast a spell on you  
The most evil spell on you  
No one will ever love you again  
You're gonna die alone  
You're gonna burn in hell  
It will haunt you every night  
Until the end  
It will haunt you  
Until the end
