"Triumph And Disaster"

In my heart it's summertime my world is shining in
brightness light
I'm sober my mind is clear nothing and nobody haunts
me here
the sweetest sounds I let it all hang out
in a moving and majestic atmosphere
a divine revelation

born for my delight
born to ease born to excite
may her reign never end
I've never been closer to you, closer to you sweet love
I walk between triumph and disaster
for you

whenever the tide sets in
to drown my senses from within
to terrorize all of my thoughts
and break open long forgotten wounds
her various works guide me out of misery
her imperial arms offer relief
a divine revelation

born for my delight
born to ease born to excite
may her reign never end
I've never been closer to you, closer to you sweet love
I walk between triumph and disaster
for you

I take you from this day forward for better or for worse
for richer for poorer in sickness in health to love an to
cherish
from this day forward, from this day forward until
from this day
from this day forward until
from this day
from this day forward until
death do us part

born for my delight
born to ease born to excite

may her reign never end
I've never been closer to you, closer to you sweet love
born for my delight
born to ease born to excite
may her reign never end
I've never been closer to you, closer to you sweet love
I walk between triumph and disaster
triumph and disaster!
