Remember taking my hand
We ran off to a fantasy land
Watched as shooting stars passed by
Counted every little firefly
I don't know what life is to bring
For you I'd give up anything

Moonlight walks, dancing in the rain
Getting the feeling ur going insane
Telling jokes and watching the sky
Kissing and getting those butterflies
I love every feeling u seem to bring
I guess it's just cause
You're my everything

Remember laughing as we drove on by
Going past curfew saying time just flies
Saying 'I love u' after every kiss
Every moment ur gone is a moment missed
I get dizzy when I look in your eyes
I wonder how u feel when u see mine

Moonlight walks, dancing in the rain
Getting the feeling ur going insane
Telling jokes and watching the sky
Kissing and getting those butterflies
I love every feeling u seem to bring
I guess it's just cause
You're my everything

And sometimes we cried
Other times we'd fight
But really I loved every part
And sometimes I'd hate u
Other times u were through
It was all part of love

Moonlight walks, dancing in the rain
Getting the feeling ur going insane
Talking for hours on the phone
Throwing pebbles up at my window
I love every feeling u seem to bring

I guess it's just cause
You're my everything
