"Adam & Eve"

When he touches you
Heaven opens up
It feels like magic and you
Don't want it to stop

The need goes on and on forever
Until he is gone

The one that you hold close
You treat with great respect
Give me all your love
And I will give you so much back

But trust can hurt, hurt so bad
If you let me down

I thought that you and me
That we were Adam & Eve
Together as one, joined forever

I thought that you and me
That we were Adam & Eve
Felt like you were the one
But I was wrong, I was wrong, so wrong

You have my heart

Like a lovin' friend
He gave me life and joy
That's why I opened up
In body, mind and soul

But with a lie, he ruined it all
Yes, he did, a lie called love

I thought that you and me
That we were Adam & Eve
Together as one, joined forever

I thought that you and me
That we were Adam & Eve
Felt like you were the one

But I was wrong, no, no, no, no, no

Take my hand, take my soul
Take my whole life
'Cause I don't want it no more

You might as well take it all
Just take it all
'Cause I don't want it no more

I thought that you and me
That we were Adam & Eve
Together as one, joined for ever

I thought that you and me
That we were Adam & Eve
Felt like you were the one
But I was wrong, I was wrong, so wrong

Oh, yes, oh, yes, I was so wrong
And now you have my heart
My heart, you have my heart
Oh, no, you have my heart
