Love is a feeling  
That can make you blind  
You've got all this love inside  
And it makes you warm

Will you believe me?  
Not put me aside  
For every day that passes  
You mean more to me

Come into my life right now  
And I'll make you complete  
There is no one else  
I'm for you entirely

Come into my life right now  
Let me touch up your day  
There is now one else  
I'm for you entirely, entirely

Can you forgive me  
For my empty words?  
Now, I will be a Queen  
And you'll put down your sword

Tell me you see me  
With your big blue eyes  
See the woman in me  
Now that cherish you so

Come into my life right now  
And I'll make you complete  
There is no one else  
I'm for you entirely

Come into my life right now  
Let me touch up your day  
There is now one else  
I'm for you entirely, entirely

And I will stand by you forever more  
I'll be right there, oh yes

I'll be right there, I will  
I'll be right there for you

Come into my life right now  
For you, I'll be right there  
There is no one else  
I'll be there, I'll be right there  
Entirely
