A heart can break so easily  
Friendship is forever  
We'll stick together as one  
'Cause we'll show them just what we can  
'Cos he'll never, never, never  
Treat you better anyway

Wipe away your big tears  
The boy is just not worth it  
Listen to what I have to say

Life  
Will never be the same  
Will never be the same  
If you take control  
I tell you girl  
Will never be the same  
Will never be the same  
If you rule your world  
And then you'll feel that  
You'll make it better on your own

A friend is there beside you  
To share your ups and downs  
Call me up when you need and I'll make you  
Forget that cloud  
And I'll always, always, always  
Keep you smiling if I can

Let's go out together  
And have some fun tonight  
Listen to what I have to say

Life  
Will never be the same  
Will never be the same  
If you take control  
I tell you girl  
Will never be the same  
Will never be the same  
If you rule your world  
And then you'll feel that

You'll make it better on your own

To all you women out there  
And trust your heart and swear  
That you'll always be proud  
I'm telling you once again  
That you are P R E T T Y  
And don't believe anything else

Will never be the same  
Will never be the same  
I tell you girl  
Will never be the same  
Will never be the same  
And then you'll feel that  
You'll make it better on your own
