Oh, baby  
Oh, my baby  
Wanna be my baby  
Yes

Baby, when I think of you  
My whole world seems, seems so blue  
You make me wanna fly, wanna fly  
Like a great, big balloon

But honey, I've got a question for you  
Do you know the color of my soul  
Please get to know me

And I'm hoping that maybe  
Do you wanna be my baby  
And if you do want me so much  
You gotta have that special touch

And I'm hoping that maybe  
You wanna be my baby  
And if you do want me so much  
You gotta have that special touch  
And maybe, maybe, baby

Let's go for a walk, you and me  
And maybe if we're lucky, we can see  
A star fall from above  
I know what I want, I think you know what

Oh, baby that it will be you and me  
Taking this walk tomorrow  
'Cause it's you that I like

And I'm hoping that maybe  
Do you wanna be my baby  
And if you do want me so much  
You gotta have that special touch

Well, if you're a tree, I'm a leaf  
And if you're Adam, I am Eve  
Like champagne has it's bubbles

That's how you belong to me

Oh, maybe baby  
Do you wanna be my baby  
And if you do want me so much  
You gotta have that special touch

Ooh baby, ooh baby  
You wanna be my, wanna be my baby  
Oh, maybe, wanna be my baby, my baby, oh  
And maybe, maybe you could be my baby
