Say you will or say you won't,
Wanna play it together?
This is driving me insane,
All I want is your love.

We spent the days together,
Nothing could tear us apart,
We got it going from the start.
And in the nights we drank champagne
Until the break of dawn.
You'n'me entirely,oh baby,
I've never felt this crazy before.
I knew you were the one'n'only Romeo.

Was everything a dream?

Chorus
Say you will or say you won't
Be my honey forever.
All I need now is to know
What direction there is to go.
Show me the way.
Say you will or say you won't
Wanna play it together?
This is driving me insane,
All I want is your love.

At a party we were hangin'with some friends of mine,
We were really freakin'out.
There was nothing that could stop us,
Everything was wild.
You'n'me entirely,oh baby,
There ain't no doubt I'm adiiicted to you.
This is for sure,
So tell me what I need to do.

Was everything a dream?

Chorus

You better prove,

Show me your move.
Do you really want me to be yours forever?
Better make up your mind,
Are you in or out?
Gotta play the games by my rules,
'Cause it's now or never.

You're everything to me.
