So whatcha trying to do  
I thought I made it clear to you  
That you can't act like that  
So flip the script on that

I don't wanna see you round  
I know the way you put it down  
So boy do you understand  
You ain't never gonna be my man

So just forget it ain't going down  
There ain't nothing you can say right now  
You must be tripping cause you got it wrong  
Need a man, not a boy,  
so baby you just gotta move along

[Chorus]  
I don't think so, boy don't you know  
You can't be serious  
Better back down don't you come around your shut  
down  
Your delirious  
I don't think so, boy don't you know  
You can't be serious  
Back up off me I think  
Your delirious

There just ain't no way  
that you're gonna play your pimp game  
I know that you want it, you want it,

but you're not gone. Get get on it

Come on and back it up  
that is it I've had enough  
So when you see me walking  
that means that you stop talking

So just forget it ain't going down  
There ain't nothing you can say right now  
You must be tripping cause you got it wrong  
Need a man, not a boy,

so baby you just gotta move along

[Chorus]

I don't think so, boy don't you know

You can't be serious

Better back down don't you come around your shut  
down

Your delirious

I don't think so, boy don't you know

You can't be serious

Back up off me I think

Your delirious

I don't know what you're thinking

because you must be out your mind

There just ain't no way you're gonna get with me

I'm just fine with the single life

[Chorus]
