( DIP - Lo-Fi Meets Hi-Camp LP )

Hey handsome you  
I'll take a guess  
Your sitting pretty butt and awful mess

Alone on earth  
Unwanted guest  
An ugly duckling in a peacocks nest

Come out, come out  
Stop hiding in your shell and dream alone  
Come out, come out  
Show your sparkling eyes and part the clouds

But don't despair  
I'm on your side  
A topsy turvy saviour in the night

So follow me  
The melody  
Who'll turn you inside out and set you free

Come out, come out  
Stop hiding in your shell and dream alone  
Come out, come out  
Show your sparkling eyes and part the clouds

What's in, all this for me?  
Why should a stranger care?  
The sky would be a lonely place  
Without a star in sight

Oh, simply bring your lovely gaze  
Stars shine down on me

Hey handsome you  
By now I guess  
You're more than pretty-pretty, nothing less

Queen of the earth  
The honored guest

A knight in shiny armour on a quest

Come out, come out  
Stop hiding in your shell and dream alone  
Come out, come out  
Show your sparkling eyes and part the clouds

Come out, come out  
Stop hiding in your shell and dream alone  
come out, come out  
Show your sparkling eyes and part the clouds

Come out - stars shine down on me  
Come out - stars shine down on me

Come out  
Come out - stars shine down me!  
Come out, come out, come out
