When you are sleeping do you dream of me?  
How strange, how strange?  
'Cause you know what they say

About the visions in your head  
And what they mean  
How strange, how strange  
That you should feel that way?

I'm not living in an ordinary world  
'Cause I'm not your ordinary good girl  
And I don't believe in playing  
Like I know that game

You're not heading for an ordinary love  
'Cause I'm not the one that you should think of  
And I'm not a prize that you can claim

You know I think it's strange  
Just a little bit deranged  
That you think I'm gonna change  
To make you happy

If you can tell me why  
I should wait around then I  
May be coming down  
But until then this means  
You can see me in your dreams

When you are sleeping, do you?  
When you are sleeping, do you?  
When you are sleeping, do you dream?  
How strange

I'm more than happy in my candlelight  
How strange, how strange  
That you should come to my dominion  
In the middle of the darkest night  
How strange, how strange, that you should even try

I'm not living in an ordinary world  
'Cause I'm not your ordinary good girl

And I don't believe in playing  
Like I know that game

You're not heading for an ordinary love  
'Cause I'm not the one that you should think of  
And I'm not a prize that you can claim

You know I think it's strange  
Just a little bit deranged  
That you think I'm gonna change  
To make you happy

If you can tell me why  
I should wait around then I  
May be coming down  
But until then this means  
You can see me in your dreams

Supernatural, yes it's true  
Tell me what are you gonna do?  
About this love, are you strong enough  
To love me for the way I am?

I don't think you understand  
That you can't hold me in your hand  
If you want me, you had better find a way  
To show me but don't you think you know me  
'Cause I'm not looking for a boy to call my own  
I'll do just fine alone

You know I think it's strange  
Just a little bit deranged  
That you think I'm gonna change  
To make you happy

If you can tell me why  
I should wait around then I  
May be coming down  
But until then this means  
You can see me in your dreams

I don't come when you call  
I don't try to be nice  
I don't care after all  
I don't take your advice

I don't answer your prayers  
I don't do as you say  
Love if you really care  
You'd better find another way

You know I think it's strange  
Just a little bit deranged  
That you think I'm gonna change  
To make you happy

If you can tell me why  
I should wait around then I  
May be coming down  
But until then this means  
You can see me in your dreams

When you are sleeping, do you?  
When you are sleeping, do you?  
When you are sleeping, do you dream?
