Well I stumbled onto you  
While I was lying low  
Remember flowers were in bloom  
And you just had to show  
We walked hand in hand  
With the grass under our feet  
Warm breeze in our hair  
And a feeling that was complete.

Lightening don't strike twice.  
But I feel that I fell in love with you again tonight  
Now everything's brand new  
Back when I first met you  
It's like a dream that comes true  
Parts the clouds and shines right through

Ah ah ah ah I fell in love  
Again tonight,  
Oh Ah ah ah ah I fell in love  
Like the first night.

Day was like a gift  
Laid out on our front door  
And was a gentle miss  
That wasn't there before  
We walked miles and miles  
From the spot all to ourselves  
Staring into your eyes  
Felt my heart begin to swell

Lightening don't strike twice.  
But I feel that I fell in love with you again tonight  
Now everything's brand new  
Back when I first met you  
It's like a dream that comes true  
Parts the clouds and shines right through

Ah ah ah ah I fell in love  
Again tonight  
Oh Ah ah ah ah I fell in love  
Like the first time

I said eyes on you  
I said eyes on you  
Ooooh ooh ooh ooh  
And I wonder what your mind's been thinking  
And I make-believe  
I'm right there in your dreams.

Ah ah ah ah I fell in love  
Again tonight

Ah ah ah ah I fell in love  
Like the first time.

I'm head over heels  
And every little thing's fine.

Ah ah ah ah I fell in love  
Again tonight  
Oh Ah ah ah ah I fell in love  
Like the first time.

Oh Ah ah ah ah I fell in love  
Again tonight.

Every little thing's right.
