I once believed I couldn't go on
If you ever said goodbye
Now you're gone my heart beats
Lord knows how or why

Now your leaving didn't kill me all that it did
Was tear my life apart
No i guess it's not the end of the world
But it's a damn good start

Chorus:

The moon's gonna rise the tides gonna fall
Just like it did yesterday
But I know time's not gonna stop just because you went away

Your goodbye has taught me a man's gonna live
And to hell with his broken heart
I know it's not the end of the world
But it's a damn good start
I've still got my job, I've still got my health
And an occasional smile
I've still got my friends they still come around
Every once in a while
I promise myself I'll get over you
But I never get too far
I know it's not the end of the world
But it's a damn good start

Repeat Chorus:

I know it's not the end of the world
But it's a damn good start
