emilio featuring bobby v, the game's on
looking like men in black with the shades on
she been running around my mind all day long
got me painting her name on the ground with crayons
and a heart around it just for fun
i like chicks but i think i'm in love with this one
cupid's got a aim on me, like a sniper
i know i'm gonna wife her just a matter of time cuz
she the type who would spread in the bed
the type of chick who brings you breakfast in the bed
the type of chick that'll trade a necklace for her friends
i know you feel the same boy i bet it on her head
and when it comes to me you know i'm the big rapper
who pulling chicks off the streets like a kidnapper
but i'm lucky cause' she told me that she dig rappers
she is too, coz now imma head and kidnap her
girl
i'm taking your heart
you gon be my hostage
holding you for ransom
kidnapping your love
you taking my heart
your love just got me locked down
holding me for ransom
kidnapping your love
you can hurry it up but it's fact to me
that all i need is one night to get you trapped with me
if you shy, bring your girlfriend, i don't exclude
but if she don't collaborate then chick is rude
if you let calvin to get to know vicky
we could make it happy, you can get to know cities
so pretty let me take you to paris
if you don't know how to love then i guess we could
practice
sorry if i rush things but i'm impatient
Bobby make it slow down but i hate waiting
we should be flying, go on a vacation
you should be shining, why your friends hating
i'm writing you a love story go get the warner brothers
see you the wonder woman and they call me the
wonder brother
want to keep it on the low then we undercover

coz what happens in bed stays under the covers
girl
i'm taking your heart
you gon be my hostage
holding you for ransom
kidnapping your love
you taking my heart
your love just got me locked down
holding me for ransom
kidnapping your love
pause
take a breath baby
i make you fall
might break a leg baby
falling stars, up in the sky
make a wish and make it you and i
no, that's a love thing
it's all advance and stuff
if you don't want a ring
i'll bring the handcuffs
and tell your daddy to quit the whole tantrums
if he wants his daughter back, he better pay the
ransom

you're everything i've been searching for
my heart is all yours
you want me i want you more
come and give me your love
i want you
i need you
you got me
got me falling in love

kidnapping your love
kidnapping your love
love
love

girl, i'm stuck between you and the million
money is money, what you want in a million
it's either you or the million
fuck it, let's just run away with the million
girl
i'm taking your heart
you gon be my hostage
holding you for ransom
kidnapping your love
you taking my heart
your love just got me lock down
holding me for ransom
kidnapping your love

kidnapping your love
love
love
