(Verse 1)

Ohh

I gotta be strong gotta carry on
I know I can do it even if it's to far
Even if I know you'll guid me through
But until I don't now wht to do
I'll brake through my shell
I'll be strong, cause I got through all the rough pathes
Ohh
When I now I'm alone, I realize the dream I'm makeing
And I figure out I'm not all alone

(Chorus)

This mountin seems so big
I feel I can do it
The ocean is so wide
But I can do it
My dream in life is what I now I can do
So all the big things
Seem so small
This mountin seems so big
I feel I can do it
The ocean is so wide
But I can do it
They seem so small
But I can do it
All seems to be just to big
For me

Ohh

I know it seem so far
But that's what lifes made for
Cause I know it's not so long
After all,
It's like I know that it was a star shineing bright
And I new I could acheave
Ohh
I'll be strong cause I carred on
And I now I'm not alone

(Chorus)

This mountin seems so big

I feel I can do it
The ocean is so wide
But I can do it
My dream in life is what I now I can do
So all the big things
Seem so small
This mountin seems so big
I feel I can do it
The ocean is so wide
But I can do it
They seem so small
But I can do it
All seems to be just to big
For me
