I should have known better
To believe that it would wait
I played by my heart forever
And I learned the hard way
Now I just don't look back
Or it's gonna hurt so bad, but
It's okay I'll take my chances
Out on what I have to do
But if my hearts breaks
I'll just try to pull through
(Chourse)
Just walk away
Gotta say good-bye
I don't want to now how it's gonna end
But I need to go
I hope you understand
You'll always be in my heart
I promise
Just walk away
I love you
That's one thing I need to say

But I don't know how to say

Good-bye

Just walk away

This is what has to go

But I'd like you to know

That when I'm gone I'm always thinkin of you

But this how it's gonna be

For you and me, baby

If my luck had changed

That would change everything

I'm always doing the right thing

I'm gonna do what I have to do

And I'll pull through

Cause I have to

(Chourse)

(Bridge)

I'm sorry, but it can never last forever

But all I know we will stay together

Cause I can't take back

All our love, but when my heart breaks

I don't now what to do

Leaving you is like a rainy day

The tears comein down my face

Just walk away

(Chourse)
