Excuse me!

But you've got the biggest butt that I've ever seen

Twirl around and knock me down, it's really quite  
obscene

You're askin' me to feel it but I don't wanna be rude

The fucken thing it takes up room, and I'm not in the  
mood.

That fucken thing is massive, it is bigger than a Poof

I'm not used to stoppin' things, it's way too much

I'm gonna have to touch it just to see if it's true

I can't believe that fucken thing is attached to the back  
of you.

You have got the biggest butt I've ever seen

Twirl around and knock me down, it's really quite  
obscene

You're askin' me to feel it but I don't wanna be rude

That fucken thing takes up room and I'm not in the  
mood.
