I feel like your hoochie mumma
Under the covers
You taste so sweet, you like my meat - ah
Stoke the fi - ah
Face the facts you want me bad - ah
Like your moth - ah
Feel my girth and look in wonder
I'm a fuck machine like no other

The desire
To try her
Before you buy her
Desire
To try her
Before You

I feel like your hoochie mumma
Under the covers
You taste so sweet, you like my meat - ah
Stoke the fi - ah

The desire
To try her
Before you buy her
The Desire
To try her
Before You... buy her
The desire
To try her
Before you buy her
