The touch of your flesh fills me with pride
The pride that I dug you up after you had died
The smell of your flesh, rotting and so sweet
Is the aphrodisiac that I need for my meet
The sensual exploration if your body so fine
The smell of your remains mixes wll over time
I feel the need to love you it's just something
unexplained
When I tell my friends about my lust they tell me I'm
insane
I want to fuck a corpse
Hey there mum it's your favourite son
Come and hace a look what your little boy's done
Did it for you cos' I love you so much
Watch me put my pee-pee in your dorty ol' guts
Yeah! Alright yeah..... baby
