hover through the foggy vapors  
til I see you in a dream  
singing animals to sleep  
by the way  
it's over without you  
I'm in the way  
I'm in the way  
I'm in the way  
I'm in the way  
lights out til midnight  
sleep all day  
dark and quiet  
only the owls are watching  
only the sky is up  
and I'm leaving for a place  
from another time  
just to be near you  
just to be near you  
just to be near you  
I'm in the way  
I'm in the way  
I'm in the way  
I'm in the way  
I'm in the way  
I'm in the way  
I'm in the way  
don't become the one you hated  
death is absolutely safe  
a billion Bibles mark the last page  
I've gotta roll through the days without you here  
I gotta shock shock  
hurts to heal  
I've gotta roll through the weeks without you here  
I've gotta shock shock  
hurts to heal  
I've gotta roll through the month without you here  
I've gotta shock shock shock  
gotta roll through the weeks without you here  
I've gotta shock shock  
hurts to heal  
I've gotta roll through the weeks without you here  
shock shock

hurts to heal  
hurts to heal  
hurts to heal  
hurts to heal
