Here we go!!

Got a dream that's what I say like every day at school
And every day I say once again I want this one to come
true

So I sit in class and think of any way that I can make
this work

Though I know it ain't happenin' I still don't though it in
the dirt

Chorus

Cause I know that I have dreams that shoot to the sky
and fly past the stars and go
straight 'round the universe

And I make it work

And I know that my life was made just for me and it's
so unique and I don't have to

Worry

Anymore (2x)

Vs. 2

As we drive down the streets
I see a million things that I think I need
Tryin to make myself fit make
makes me feel so incomplete

Chorus

Cause I know that I have dreams that shoot to the sky
and fly past the stars and go
straight 'round the universe

And I make it work

And I know that my life was made just for me and it's
so unique and I don't have to

Worry

Anymore (2x)

Bridge

I know that I have big dreams
and I know that I am unique
and if I stay grounded
then I know I'll stay just who I am
oh oh

Cause I know that I have dreams that shoot to the sky
and fly past the stars and go
straight 'round the universe

And I make it work

And I know that my life was made just for me and it's

so unique and I don't have to
Worry
Anymore(2x)
Cause I know that I have dreams that shoot to the sky
and fly past the stars and go
straight 'round the universe
And I make it work
And I know that my life was made just for me and it's
so unique and I don't have to
Worry
Anymore(3x)
