That's how you get hurt, you take a step out of line  
so I tried to keep myself inside  
I had it planned out and I knew where to hide.  
I see your smile, and I forget all my rules and how  
much it will hurt me if I lose  
'cause all I want now, is to know you. Know you.

PRE - CHORUS:

I didn't wanna go near, cause I felt safer here,  
but now I

CHORUS:

I feel so safe here in your eyes  
I know that we wont say goodbye  
not tonight  
I took the step that set me free  
now all I see is you and me  
oh baby, the rest is history

wait till the phone rings, then i lock my door  
we talk for hours but I still want more  
we draw a plan out, so I wont be alone, for long  
its getting dark now, I sneak out of the house  
wait at your back door, till you come out.  
then it starts to rain, on the pavement, and its perfect.

PRE - CHORUS:

there's nobody in sight, as we dance through the night  
and I know

CHORUS:

I feel so safe here in your eyes  
and i know that we wont say goodbye not tonight  
I took the step that set me free, now all I see is you and  
me  
oh baby, the rest is history

BRIDGE:

here you are here I am, now I figured it out  
I was wrong before but I know now  
when I'm with you I don't remember yesterday  
you take my hand, look in my eyes  
and I'm not afraid, when I say

CHORUS:

I feel so safe here in your eyes  
I know that we won't say goodbye

I feel so safe here in your eyes I know that we won't say  
goodbye  
not tonight not tonight  
I took the step that set me free now all i see is you and  
me  
oh baby, the rest is history, the rest is history  
oh oh oh oh oh the rest is history  
oh oh oh oh.
